

Mahindra World City, Jaipur

Jaipur, Rajasthan

CLIENT	: Mahindra World City Developers Limited.
SCOPE	: Master Planning
PROGRAM	: Industrial Park
PLOT AREA	: 500 Acres
STATUS	: Completed

Specific attention was given to points of innovation within the premise of standard industrial landscapes, including “smart planning” as an inherent characteristic of modern planning.

Through a study of the site, existing campus, adjacencies, access routes and proposed client vision, a comprehensive master plan has been prepared along with co-ordinated infrastructure design. The intent of this master plan is to form the premise for the 500 acre development which would be further detailed for execution by client appointed consultants. Land use distribution, plot sizes and mix, open space and landscape strategy, streetscape design were the main point considered in the Master plan
